

Ridley College

ANNUAL DONOR RECOGNITION REPORT

July 1, 1984 to June 30, 1985

Headmaster's Message

This Ridley Annual Report had its genesis in a desire of the Board of Governors and the faculty and administration of Ridley College to share with all members of the Ridley Family a detailed picture of the financial and material situation of the School and Foundation.

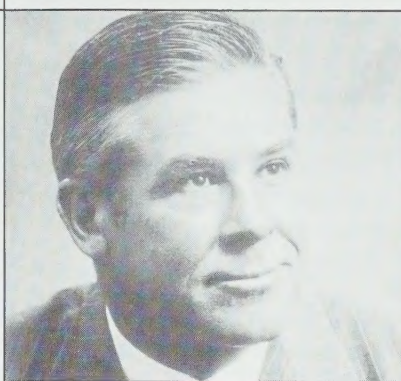

To this end we are presenting in detail items which have never before been made public, including enumeration of all the named scholarships at Ridley College, along with the amounts of endowment funds and annual awards. In the past, there has been a tendency to focus almost entirely on the results of Annual Giving, namely the specific amounts contributed in a given year by current and past parents, and alumni of Ridley College for non-capital purposes. Leaving aside the Second Century Campaign (details on the current progress of which are also included here), Ridley annually receives a great deal more in the way of financial support than is mirrored in the Annual Fund reporting which has traditionally been a part of a fall issue of Tiger.

Some may be swamped in the detail, but all of us hope that you will peruse at least some portions of this report with care, and thus gain a clearer picture of both Board and School finances than has been possible in the past. Of particular interest to some will be information on several standing committees of the Board, the volunteer members of which work extremely hard for the well-being of the School.

The future health and survival of Ridley depend upon the committed interest of as many members as possible of the great Ridley family; interest and commitment, in turn, stem from a combination of knowledge and emotion. It is hoped that this Annual Report will provide the knowledge. The emotion, in the form of positive, warm sentiment concerning the School, is primarily dependent upon what the School has already done for you and yours! Members of the Board or myself would be very grateful for any comments or suggestions concerning this Annual Report which has been prepared primarily through the dedicated efforts of Mr. John Anderson, '65, Chairman of the Finance Committee, Mr. George Irwin, '69, Chairman of the Financial Support Committee, Virginia Medland, Development Officer for Second Century Fund, and Andrew Whiteley, Business Manager of Ridley College.

H. Jeremy Packard
6th Headmaster of Ridley College

Chairman's Message

As we approach and look forward to our Centennial, I am pleased to report to the Ridley family that the School continues along the highly successful path of recent years. Enrolment remains at an all time high. We are in the enviable position of having more applicants from Grade 9

to Grade 13 than can be accommodated. Consequently, we have a relatively equal number of students and a more uniform level of high achievement in each grade.

For the foreseeable future, the trend of strength is likely to prevail. The Headmaster and his academic staff provide our School with the caliber of inspirational leadership and excellence of educational values to which we have become accustomed.

The long term plan of the Property Committee to renovate and upgrade the physical plant has now met almost every major and obvious need for refurbishment. With sustained awareness of this never-ending emphasis, we should have little difficulty maintaining the School property in its first class condition.

Many individual students and teams accomplished and exceeded their goals this year, and have thereby brought honour to Ridley College. We take great pride in these achievements which are the mainstay of Ridley school spirit.

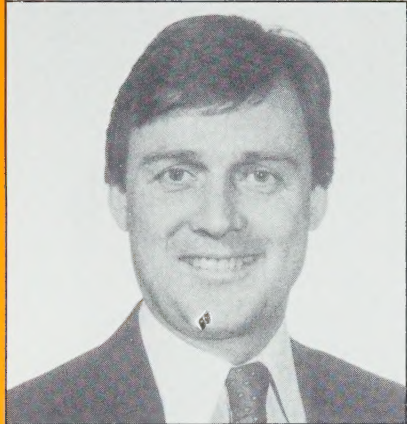

As Chairman of the Board of Governors, I am constantly grateful for the initiative and hard work of all Committee Chairmen and, indeed, all members of the many committees which make our unique system work so well.

Exactly how Ridley holds its position of strength is presented in this Annual Donor Recognition Report. An independent school, receiving no public support whatsoever, is entirely dependent on its Alumni, Current and Past Parents, Faculty and Friends: its family. Ridley is as strong as the people in its support system.

This report is a testament to the strength of Ridley's situation, in endowment and in annual giving. Here also is the resolve and vision of the Second Century Campaign to be even stronger. Above all, this report is an opportunity for us of the Board and the School to express our gratitude to the Ridley family for your work and your loyalty.

D.C. McFarlane, M.D., F.R.C.S. (C) Class of '44
Chairman of the Board, Ridley College

Admissions

In this, her 97th year, Ridley opened its gates to 591 students. 371 returning students were joined by 220 new students. This total represents the largest student body in Ridley history.

Specific statistics show that the Lower School totals 158 students, 145 boys and 13 girls. 86 are resident

students and 72 are day students. The Upper School lists 294 boys and 139 girls including 222 resident boys, 98 resident girls, 72 day boys, 41 day girls.

Amongst our students we find representatives of 21 foreign countries including 34 from the U.S., 17 from the West Indies, 13 from Hong Kong, 12 Mexicans, 5 Venezuelans, 10 Bermudians and others from the United Kingdom, Saudi Arabia, France, Macau, Germany, Nigeria, Singapore, India, Guatemala, Spain, Italy and Norway.

Our Canadian based students represent 8 provinces: 429 from Ontario, 15 from Alberta, 9 Quebec, 6 Newfoundland, 3 British Columbia, 1 each from P.E.I. and Nova Scotia and 2 from New Brunswick.

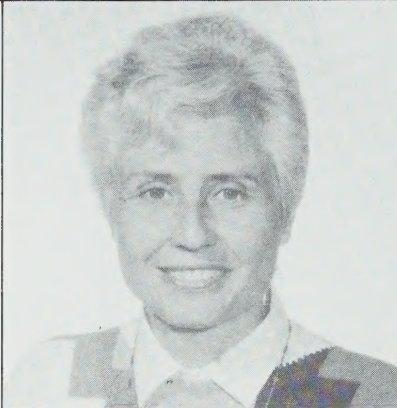

The Admissions Office handled over 1100 inquiries last year and to date inquiries about Ridley for September 1986 are well ahead of previous years. This demand has allowed the Admissions Office to exercise an increasing degree of selectivity especially in the senior grades (12 and 13) at which level we will be able to admit only the strongest candidates. We, therefore, encourage families to consider us early in their children's educational careers and also early in the year prior to desired admittance.

New Directions

The introduction of girls to the Grade 9 level has proven very successful. Their presence has added greatly to the ambience of the Lower School and as of September 1986 co-education will be extended down to the Grade 5 level.

Co-Directors of Admissions

Financial Assistance Programme

The Ridley College Financial Assistance Programme offers bursaries and loans to families of students who require assistance. In the past ten years the funds disbursed through this programme have grown from \$113,000. annually to the \$500,000. which is being given out in 1985-86.

Approximately 18% of the student body receive assistance in any one year with individual awards varying from \$1000 to \$12000. All awards are made by the Financial Assistance Committee of the College to deserving students who meet more than the minimal requirements for membership in the school, and who contribute to the welfare of the school.

This programme assists all students - Upper School, Lower School, day students, boarders, boys and girls. It enables a student without substantial financial support from home to enter Ridley; it helps a family to keep a student in Ridley when they find that they cannot manage to keep up with the increasing costs; it allows families with two or three children to provide the same opportunity for all; it allows Association members to consider enrolling their sons or daughters so that they too might have the "Ridley experience".

Loan Programme

The Ridley College Loan Programme was instituted in 1983 with the view of developing a loan fund of \$250,000.00 over a five year period. During the first three years of the programme, we have been able to provide loans totalling \$160,000. Two types of loans are available: one with an annual maximum of \$2,000.00 bearing interest at one half of the prime rate, the other with an annual maximum of \$5,000.00 bearing interest at one below the prime rate. The loan programme, with a four year pay back period, is being well received by Ridley families, and has enhanced the financial assistance programme a great deal.

Janet M. Lewis
Director of Financial Assistance

Finance Committee

The Finance Committee is responsible to the Board of Governors for the financial condition of the school. In order to fulfill its mandate, the Committee is ably assisted by Andrew Whiteley, the School's Business Manager. The Committee sets the budget for the school including the levels of fees charged to the students and monitors the actual versus budget results throughout the year. Once a year, the Committee meets with the school's auditors to review the year-end financial statements and to discuss with the auditors any concerns they might have concerning the school's operations. In this way, the Committee acts as an audit committee. The Committee also reviews, with the school administrators, many facets of the school's day-to-day operations that have a financial impact on the school.

The composition of the Committee consists of several Governors of the school, members of the Ridley family, the Headmaster and two staff chosen by members of the faculty.

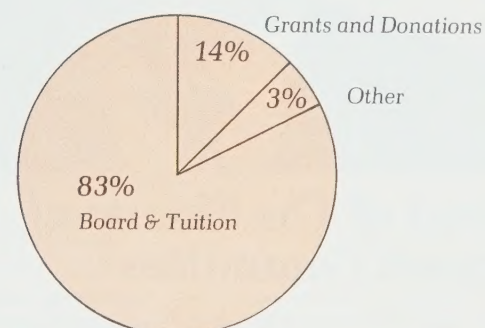

Overall, the school's financial position remains strong. As at June 30, 1985, total assets in the operating fund were \$888,000 while the net book value of fixed assets contained in the properties and equipment fund was \$4,288,000. Total revenues for fiscal 1985 were approximately \$6.5 million, the composition of which is shown in the pie chart. Fiscal 1985 was, from a financial point of view, somewhat disappointing with the school's operating deficit increasing from \$351,000 to \$508,000. However, it must be remembered that while we did have a \$157,000 operating deficit for the year; included in this deficit were fixed asset expenditures of \$723,000 which are charged against the operating fund. Furthermore, with the strong enrolment that the school presently has, it is anticipated that the 1986 results will have a positive effect on the operating deficit. Finally, we are hopeful that with tighter controls over expenditures, we will be able to keep our expenses in

line with some fairly aggressive budgeting, but at the same time not hinder the quality of education being provided.

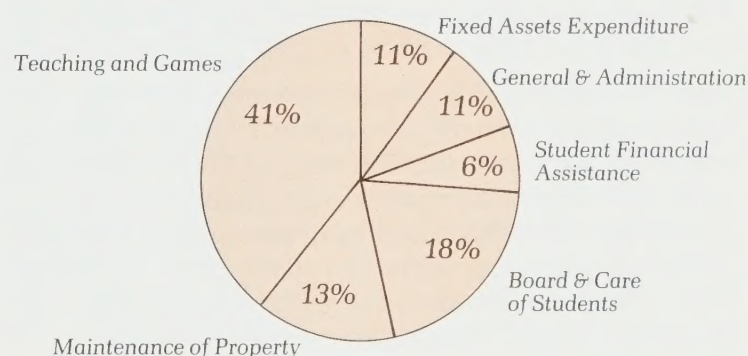

As can be seen by some of the figures noted above and elsewhere in this report, the financial operations of Ridley College are significant and the Finance Committee is cognizant of the seriousness of the responsibilities entrusted to it.

Report of The Financial Support Committee

The Fund Raising year 1984/85 has set another high water mark for annual contributions to The Ridley Fund. This year's total is \$216,222 from a total of 1764 contributions, for an average gift of \$122.50. The number of alumni contributors increased just over 10% from 1,266 in 83/84 to 1,397 in 84/85.

Both the overall dollar amount and the number of contributors are moving in a positive direction. This would not have been possible without the direction of the past Chairman of the Financial Support Committee, Crawford Gordon, or that of Sam Heaman. To both of you a special thank you. To all of The Ridley Fund volunteers, the Board of Governors and the Financial Support Committee members extend their appreciation.

While 1984/85 set a new record, we did fall short of the target of \$225,000. This still remains our goal for 1985/86. The target is achievable, but not without a lot of hard work on the part of everyone involved.

The Ridley Fund has instituted a Reunion Year Giving programme for Classes having their 5, 10, 15, 20, 25, 30, 35, 40, 45, 50, etc. . . . year anniversaries. Reunion classes are invited to make an annual gift to the Ridley Fund 3 to 5 times greater than their previous year's gift in honour of the classes' anniversary celebration that year.

Following the conclusion of the Second Century Campaign in 1989-1990, it is hoped that Reunion Classes will continue to raise more funds in their reunion years, thereby always taking a leadership role in the Ridley Fund drive.

Under the Financial Support Committee banner there are other funds besides the Ridley Fund to which people may give. In fact, the Ridley Fund is one of the annual funds which comprise the total Annual Giving Programme.

Total Annual Giving donations received by the School in 1984/85 totalled \$457,265. This came from over 2,000 contributors. Opposite is a list of the funds of Annual Giving, the dollar amounts, and number of donors. Below that are comparative statistics of dollars and donors for The Ridley Fund 1982-83 to 1984-85.

Once again let me personally thank all those who worked hard on the Annual Giving campaign during my first year as Chairman and I look forward to your continued support.

Second Century Campaign Chairman's Message

Since the autumn of 1983, as Chairman of the Second Century Campaign, I have visited widely with the Ridley family. I continue to be heartened by the response you have made to our solicitations for funds, and am proud to announce that, to date, \$4,000,000 have been pledged.

Our hard-working steering committee kicked off the Campaign by approaching members of the Board of Governors and of the Advisory Council. Commendably, these people have answered our call with gifts averaging \$40,000 each. We hope that their example will inspire all Ridleians.

The \$10,000,000 target of the Campaign has two basic purposes: endowment and capital. We seek to double the endowment of Ridley College, and thereby to enrich our financial assistance programme and maintain the level of fees within the limits of inflation. Further endowment gifts will go towards a fund for faculty excellence. The capital raised is designated for a new facility for computer, science, economics and humanities study.

Major gifts have already been made. The Mandeville Maintenance Fund, originally a quarter million dollar (Canadian) gift by an American family, will, when matched dollar for dollar, accumulate a fund for the upkeep of the new facility worth \$750,000. As part of our goal to raise the percentage of Ridley students receiving financial assistance from 18 to 25 per cent, a programme of Regional Scholarships has been initiated. Proposed in such places as Alberta, Bermuda, British Columbia, and already in place in the Niagara Region, these scholarships, locally funded, will assist students of the area attending the School. The Terence Cronyn Chair in English and Drama, the first of its kind in Canadian independent secondary schools, has been inaugurated and \$370,000. has been raised thus far to endow it. This Chair in Terry's memory is but one of three that the Campaign wants to establish. It will be

held by an outstanding teacher who combines love and command of the subject with the ability to interest and stimulate young minds both within and beyond the classroom.

We of the Second Century Campaign can only meet our goals with your assistance. It is, as the School approaches its centennial and looks towards a second century, time for the Ridley family to dig deep.

We would like to recognize and thank those who gave to the early phase of the campaign.

W. Darcy McKeough, '51

Ridley College Association President's Message

Who are we and how do we fit into the scheme of things?

Many of you may ask who we are, what we have been doing and what our plans are. The Association has evolved from the "Old Boys" group to welcome all alumni, governors, past and present parents, staff and friends of the School.

Its main functions are to foster good will, fellowship, friendship and participation among its members; further the interests and the financial support of the School and The Ridley College Foundation; assist in recruitment of students; and promote and foster interest in the School.

The Association executive has worked hard to accomplish these objectives through the following sub-committees: Fathers' Guild, Fund Raising (Reunion Year Campaign), Recruiting, School Life, Social, and Women's Guild.

The executive is continuing with these committees and has added the following objectives: to have a higher profile by greater participation in the School, in branch events and in the Tiger; to establish a branch/class relations committee to further the non-fund raising activities within the branches; and to involve non-executive members in the committees.

Should you be interested, get involved. It's fun, rewarding and well worth the effort. It's an excellent way to further the bonds of friendship formed during your days at the School and start new ones - for friendship is the most precious commodity.

To pursue this further, please call or write Sam Heaman or Bob Stanley at the School, P.O. Box 3013, St. Catharines, Ont. L2R 7C3. (416) 684-8193.

D. 'Swatty' Wotherspoon, '67
President, Ridley College Association

The Ridley Bequest Programme

As a Ridleian, you may wish to make the School a beneficiary of your generosity and concern. There are several different ways by which you can satisfy philanthropic goals and assist Ridley through your will. We ask that you consider such a kindness.
